Management Information  
Systems

## About Me

I am currently pursuing my undergraduate education in the Management Information Systems department at Atatürk University. My interest in database management, software development, mobile game development, and emerging technologies allows me to continuously improve myself in these fields. Additionally, I serve as a member of the management board and a co-founder of the ATASOFT Software Club, established within Atatürk University, and actively participate in the HSD Atatürk University Core Team Ar-Ge group.
