Sevginur ÖZER

Management Information Systems Student | Database Management Trainee

Hakkımda

I am currently pursuing my undergraduate degree in Management Information Systems at Atatürk University, focusing on developing my technical and practical skills in database management, software development, and mobile game development. I have professional experience as a Social Media Specialist at İki Tek Agency, where I managed digital strategies and visual content for various brands.In addition, I strengthened my organizational and leadership skills through my role as a founding member and board member of the ATASOFT Software Club. As part of the HSD Atatürk University Core Team R&D division, I contributed to research on innovative technologies and actively participated in major projects such as Erzurum's first AI Summit and the Huawei R&D Meeting.I am motivated to apply my technical expertise and hands-on experience to professional projects and continuously improve within the field.
